

## **LCS Financial Services Announces Leadership Reorganization to Support Business Growth**

**Centennial, CO — April 6, 2012—** LCS™ Financial Services Corporation (LCS Financial) ([www.lcsfin.com](http://www.lcsfin.com)) which provides post-charge off collections for the financial services sector, announced today a strategic reorganization of the company's executive leadership to enhance the client experience and create a strong foundation for company growth.

Christina Nash will now serve as Director of Marketing, Sales and Client Services. Laura Moody has accepted a promotion to Director of Operations and will take on a senior role in the organization.

The change in leadership will allow Christina Nash to shift operational oversight of the company's collections and bankruptcy units to Laura Moody, allowing Christina to focus on developing strategies that will bring scalable and sustainable growth to LCS Financial Services and its affiliated companies.

According to President and CEO Leo C. Stawiarski, Jr., the reorganization will foster a more controlled growth trajectory. "LCS Financial believes in planned growth," said Stawiarski. "Christina's operational background and her proven track record in client development is the best combination for creating a long-term growth plan. In addition, Laura's 15 years in collection operations will allow us to continue to maximize recoveries for our clients in this challenging financial environment."

LCS Financial has strategically positioned itself for such growth by making significant investments in infrastructure. In 2010, LCS Financial increased servicing capacity by relocating to a new standalone facility. And, in 2011, LCS Financial achieved ISO 27001 certification, which has increased operational efficiencies.

“All of these investments underscore our commitment to bringing clients more efficiencies and higher servicing capacity. With these changes, we can meet the needs of high volume debt portfolios and execute on our vision to ‘revolutionize recoveries,’” said Stawiarski.

### **About LCS Financial Services Corporation**
